Thank you for meeting with me and Sidrah Khan on September 23, 2017 during our first visit to your DRC location.

During the visit Mr. Higgins stressed the EPA community liaisons could assist this DRC by providing additional hardcopy fact sheets. We'll be visiting your location again in the coming week and will check in with you before our visit to see if there are any pertinent updates as well as which specific fact sheets and approximate quantity are needed. Do you prefer a phone call, e-mail, or both?

Thanks,

Christine Cherrett
